

NGX® GRAND JUKEBOX

The NGX Grand gives your guests the impressive features and unbeatable music selection that AMI is known for, in an eye-catching floor unit that comes bundled with its own integrated speaker system.

WHY CHOOSE AMI?

AMI knows great music. Credited as one of the world's original jukebox companies, AMI has provided high-quality music entertainment since 1909.

AMI offers one of the largest and most diverse music catalogs available, spanning across 40 genres. With AMI, you can...

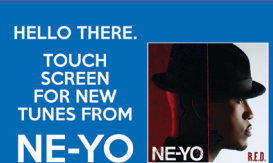

- Tailor a selection of locally-stored music on your jukebox that suits your patrons' or your own specific tastes
- Offer patrons access to over a million songs stored online, with new albums added each week
- Offer patrons opportunities to win exclusive giveaways from today's hottest music artists, with prizes like concert flyaways, autographed guitars, event tickets, and limited edition merchandise
- Block the display of entire genres, or songs containing explicit lyrics, either permanently or on a set schedule
- Block the display of individual artists, albums, and songs that aren't quite right for your venue
- Rest assured knowing AMI technical support is available 24/7, with many issues resolvable over the phone

WHAT COMES STANDARD?

- 32" vertical touchscreen for maximum visibility
- Exclusive Smart Skin with customizable lightshow
- 320GB 2.5" SATA hard drive pre-installed with selectable music genre collections to fit any type of location

- Includes wired and IR wireless remote controls

DIMENSIONS & WEIGHT

Height: 79.5" Width: 33" Depth: 22.5"
Weight: 420 pounds

CUSTOM PROMOTIONAL SETTINGS

Get the word out! AMI's built-in promotional features turn your jukebox into a smart, effective advertising tool.

- Configure the middle of the NGX screen to promote local albums, new releases, or even display photos from a synced Flickr account
- Create your own messages that scroll along the top of the music selection screens
- Enable Auto-Play, a feature that detects when the jukebox has not been played for a set amount of time and automatically plays songs to boost patrons' awareness
- Offer "free jukebox nights" by enabling Free Play, a pay by the hour service for venues that allows your patrons to play music free of charge
- Show Song Suggestions and generate more revenue by offering additional song recommendations based on a patron's previous selections

CUSTOM DISPLAY SETTINGS

With selectable background themes and a multilingual interface, you can give the NGX Grand the look and feel that works best for your venue.

- Choose a different background or enable periodic holiday themes
- Choose English or Spanish as the default display language

CUSTOM HARDWARE CONFIGURATIONS

- AT&T, Sprint, or Verizon Wireless kit - Provides broadband service via wireless air card
- Currency module with dual MEI bill acceptors, coin, and credit card
- Currency module with CoinCo bill acceptor, coin, and credit card
- Currency module with dual CoinCo bill acceptors, coin, and credit card
- IR transmitter kit - Offers a spare IR transmitter
- Money meter kit - Provides a hard meter for counting money deposited into the jukebox
- RF remote kit - Allows remote control to work without direct line of sight to the jukebox
- Special event switch kit - Allows the location to put the jukebox into "Special Event" mode which disables song playback and selection
